Main theme

There are alternatives to the more commercial forms of the sharing economy, which are based on the urban commons and the communities that support and use them. Michel Bauwens will explain the experience of the 500 urban commons in Ghent, as well as his proposals to the city for new public-commons institutions to facilitate the cooperation between citizens and their city.

#Open cooperativism**

Hosted by: Seoul Social Economy Center

Michel Bauwens @mbauwens

3h

catch me in Seoul, on 19/9, talking about transitioning to commons-based cities, docs.google.com/forms/d/e/1...

Content

There are alternatives to the more commercial forms of the sharing economy, which are based on urban commons and the communities that support and use them. Michel Bauwens will explain his experience of the 100 urban commons in Ghent, as well as his proposals to the city for new city conditions to facilitate the cooperation between citizens and their city.
